What is the Garden City PAC?

The Garden City Parent Advisory Council (PAC) is an organization comprised of all parents and guardians of Garden City students. Its focus is to provide a forum for parents and guardians to become involved in the school and to be informed about the public education system, school issues, programs and events. It also supports the school through a variety of social and fund raising events.

You are automatically part of the council as soon as your child is attending the school. The PAC is managed by an executive who is elected from our membership each year in May.

You may choose to observe or actively participate – either is acceptable, it's up to you! It's also an opportunity for you to meet other parents and the school administrative team.

If there is an item you would like added to the agenda for discussion, please contact the PAC Chair at least three days in advance.

Parents/guardians that get involved find out what is happening in their school and are able to provide input to ensure that the school meets the needs; not only of their child, but of all the children.

Get involved!
